# HILL LINE NEEDS **BOTH BOATS ON COAST RUN**

Pacific Steamship Company's recent decision to withdraw the Great Northern from the Honolulu run after April 4, a decision which the committee of Honolulu businessmen who have raised a \$25,000 guarantee against a possible deficit for five round trips hopes will soon be revoked, the San Francisco Examiner of March 8 says:

"Two reasons prompted the Hill people to make this announcement. In the first place, the steamers were built to give the Hill railroads caunection with San Francisco without building a rail fine into Californa. That busness is picking up, and it has been decided that both the Great Northern and the Northern Pacific will be needed soon to handle it.

'Secondly, the Hawaiian traffe' is lighter in the summer, and the propects for future business seemed hardly to justify keeping so large a vessel as the Great Northern in '50 run. This decision was made son after the return of Cal. E. Stone, the new general traffic manager of the Great Northern Railroad, from a visit to Hawaii.

"The Great Northern will relieve the Northern Pacific April 4 for a month, while that vessel goes on drydock, and then will spend a month on the ways herself.

"Three trips a week will be inaugurated the first of June. Sailings from San Francisco will be on Tuesday, Thursday and Saturday.'
